

TDT Victoria is
hosting an information session for companies to learn more about the
Cadetship in Logistics Program

The Cadetship, piloted in 2008, is being run successfully in metropolitan Melbourne and Shepparton in 2009. We now have 28 Cadets employed by 24 participating companies across the 2008 and 2009 intakes
... a great achievement for the industry!

The program was developed to encourage post-secondary school students into the T&L industry in a structured vocational employment and education program.

The Cadetship has been welcomed enthusiastically by industry, and we are looking to expanding the reach of the program across metropolitan & regional Victoria in 2010.

Come along and hear how the program is working successfully for the current Employers of the Cadets, and how it could work for you.

**The forum will be held at 10am on Wednesday September 30th
at the Victorian Transport Association (VTA) offices
Wirraway Drive, Fishermans Bend**

Regional workshops are being planned.
To RSVP, register your interest, or for more information please contact
Ms. Kerri Langes (03) 9326 7211 or email kerri@tdtvictoria.org.au
