VTA moves to new Webb Dock location

The Victorian Transport Association (VTA) has announced it is relocating to modern, new office space at Webb Dock.

Effective Monday, 26 June, the VTA and the Victorian Waste Management Association, will be located at Level 1, MIRRAT House, 46 Kooringa Way, Webb Dock.

The telephone number remains unchanged as 03 9646 8590.

“After almost 20 years at Fishermans Bend, the opportunity arose to relocate to new premises with modern features and amenity that is much better-suited to our staff and membership,” said VTA CEO Peter Anderson.

“The new office features training rooms and facilities that are better-equipped for the types of programs we are offering, and cater to various sizes and configurations in line with the growing number of participants we are experiencing.

“We can also better support members that may require use of some of our facilities, with plans to make offices, meeting and training rooms available to members by arrangement.”

Temporary disruptions are expected to internet and email services during the move on Thursday and Friday, as associated IT infrastructure is re-located to the new premises. Phone services to the main number should remain unaffected.

“We look forward to welcoming members and other visitors to our new home next week,” Mr Anderson said.
