

Victorian Transport Association State Conference 2017

Make your business more productive - learn from the experts

Sun 4th - Tues 6th June

Mantra Lorne

The Australian freight and logistics industry is in the midst of phenomenal change and reform, with new legislation and regulation constantly coming into effect, service and user charges increasing astronomically, and more pressure than ever from customers to reduce costs and increase efficiency.

With all this change, it's understandable how operators focussed on running their business can lose track of what's happening within the broader transport world.

That's why **VTA State Conference 2017** is assembling a phenomenal line-up of industry experts from government, regulators, federal and state departments, and road, rail and port authorities, to update members and the industry on key things they must know to make their business more productive.

The VTA proudly invites freight and commercial managers, operations and administrative staff, logistics, sales and marketing managers, and freight suppliers and customers to **State Conference 2017**.

FEATURE SPEAKERS

- Federal Infrastructure Minister **Darren Chester**
- Shadow Victorian Ports Minister **David Hodgett**
- National Transport Commission CEO **Paul Retter**
- Victorian Small Business Commissioner **Judy O'Connell**
- Other speakers being confirmed
