

How many of the change initiatives or projects you have implemented in your business in the last 12 months were a success? The cost each year to a business and its people is enormous through this 'trial and error' approach to management. Imagine if you could implement a new methodology that would lift the probability of success from 30% to 70%? What would be the cost and time savings? What would be the benefits for you?

The fifth in the Master Class series, this two hour strategy workshop **Change Success** is to help you implement change.

Delivered by experienced Mindshop facilitator Barry Jenner, the **Change Success** workshop provides practical skills to enable you to effectively implement change.

### What the workshop will cover

- You will learn an exciting NEW change methodology developed by leading global management consultant and Mindshop founder Chris Mason
- You will learn how you and your business can dramatically lift your probability of change success
- You will learn through interactivity
- You will learn how to take those new strategies and apply them in your business or new project

### Workshop outcomes

- You will leave with a description of the change success model.
- You will receive a worksheet determining now/where and actions to take to increase change preparedness.
