

TRANSITION TO TRANSPORT

Your new career in transport and logistics starts here

We invite you to apply for the VTA Transition to Transport program to help lay the foundations for a new and exciting career change.

Transition to Transport is a full day, nine module comprehensive learning process that arms participants with knowledge of the industry and the ability to become one of its contributors.

Workers who have had their career paths disrupted, or those choosing to improve their skills and seek a new direction, will benefit from being “industry-ready” for presentation to prospective transport industry employers.

And all it takes is one full day of tuition, so the sooner you contact us the easier it will be to see new light on the horizon.

PLACE YOURSELF HERE
